## EXHIBITOR INFORMATION

### JUDGES AND JUDGING

The judging of county fair exhibits will be done using the Danish System. Each exhibit is judged for its own level of quality, as opposed to selecting a Division winner.

Exhibitors learn through receiving an award that shows how their exhibit conforms to an ideal standard. The list of awards is as follows:

- Excellent: Blue ribbon, denotes “award of excellence.”
- Good: Red ribbon, denotes “award of merit.”
- Creditable: White ribbon, denotes “honorable mention.”

More than one blue, red, or white ribbon in each Division may be awarded. It depends on the caliber of the exhibits. No exhibits, regardless of competition, will receive an award unless it is worthy of such an award, as determined by the judge of the Division. The Best of Show exhibits, which meet such standards of quality or enable them to compete at the state fair if it is possible, shall receive special recognition and a rosette ribbon designating the exhibit as “Best of Show”. There may be several in the Division or none may meet the standard. Other special awards including “Judges Choice”, “Mayors Choice” and “Best of Division” “Best of Show may also be awarded.

### JUDGES AND CLERKING

Judges shall report to the superintendent or Exhibits Director any person who in any way interferes with or shows any disrespect to them during the judging. If there is any question as to regularity of an entry, or right of any animal or article to compete in any class, the judge or judges shall report the same immediately to the superintendent in charge of adjustment. The decision of the judge shall be final in all cases except where mistake, fraud, misrepresentation, or collusion, not discovered at the time of award, is apparent. In such case the fair chairman may make a decision, or, with his/her approval, the matter

may be referred to the fair committee, from whose decision there can be no appeal.

The judges, or persons acting as clerks to the judges, must use special care after awards have been made to see that the name is properly entered in the award book. The judge, superintendent and clerk recording the awards of the department must sign the award book at the close of each show immediately after all awards in said Division have been made. The entry clerks shall under no circumstances allow the award records to leave their possession or to be inspected by anyone except authorized officers, until entries of the judges' decisions have been made, the records audited and closed.

## CANNING Department

### Superintendent:

**SPECIAL RULES AND REGULATIONS:**

All items must be made by the exhibitor since the previous fair. If fresh produce is used, the exhibit should have been preserved within the last growing season. In no case should this exceed one year. No exhibit may have been previously entered in the same event.

All jars must be labeled with: (Following USDA Complete Guide to Home Canning, 1994)

- A. Product name
- B. Date preserved
- C. Method of preservation, e.g. Hot or raw pack, hot water bath or pressure cooker
- D. Processing time and altitude at which processed and if Pressure canned, pounds of pressure used.
- E. Recipe (The judge needs to know if the proper amount of citric acid, lemon juice or vinegar has been added to canned tomatoes, for example. The judge also needs to know whether meat, low acid vegetables, starches, etc. have been added.)

Examples:

1. Peaches, hot pack, boiling water canner, 20 minutes, 16 Jun 17

Recipe: >>>>>>>

2. Spaghetti sauce, hot pack, pressure canner, 11 pounds pressure, 45 minutes, 5 Jul 17

Recipe: >>>>>>>

3. Dried peaches, electric dehydrator, Aug 2017

Recipe: >>>>>>>

Unsealed exhibits or products showing signs of spoilage will not be judged

Exhibitor's name shall NOT be on the jar.

All canned products, including sweet spreads must be in standard, clear, in good condition, self-sealing (Mason type) half-pint, pint or quart jars with new, two-piece canning lids (flat lid and band). No wax allowed. (Note: There are now 12-ounce canning jars available. If there is not a USDA recommended process time for the 12-ounce jars, these may be used with a pint jar canning process recommendation. The process time for pint jars cannot be reduced for smaller jars. If there is only a USDA process for a half-pint jar size, then a 12-ounce jar would be disqualified for lack of a recommended USDA process time.)

Jar sizes for which there are no USDA canning recommendations will not be judged.

Rings should be free from rust, scratches and dents and

should be easily removable.

☐ Jars must be clean! No sticky jars. Wash jars 12-24 hours after processing. Fancy padded lids, fabric overwraps or cozies interfere with the judging process and should not be used.

☐ All jars must have proper headspace:

A. Pickles, canned fruit and juices, ½ inch

B. Vegetables, 1 inch

C. Jellies, ¼ inch

D. Meat, Poultry and Fish, 1-1/4 inch

☐ Dried foods should be displayed in appropriate storage containers (Glass jars with rust free lids, heavy-weight plastic food-quality bags, vacuum-sealed plastic food bags, etc.)

☐ Only one entry for Youth, Junior, Adult and Senior each per family, per division.

☐ See Judging at the beginning of the fair book. Judges are instructed not to award a premium or placing unless the exhibits are worthy. Exhibits without competition will be judged on their own merit and will receive an award of placing only if determined worthy by the judges.

☐ Violation of these rules may subject the entry to disqualification.

☐ There will be a Best of Show presented in each class providing Best of Show criteria are met.

JAM—Fruit boiled with sugar to a thick consistency, without preserving the shape of the fruit

JELLY—Combination of fruit juice or juices with the right proportion of sugar, which cooked to the right stage, becomes a clear, sparkling, tender, transparent, quivering mold.

BUTTER—Smooth, even fine-grained mixture of medium soft consistency, with no evidence of juice as a separate liquid. Butters are less sweet than jams.

PRESERVES—Usually made of one fruit. More than one may be used. The fruit is whole or cut into large pieces and cooked in a syrup until clear and transparent, tender, firm, crisp and plump. The shape of the fruit is retained. The juice is of a thick consistency and enough to surround the fruit.

MARMALADE—A clear jelly-like preserve with fruit, usually citrus, suspended in small pieces.

CONSERVE—Jam-like product of two or more fruits, cooked to jam-like consistency with sugar. Usually contains nuts or raisins.

Each exhibitor may only enter one entry per Division, additional animals in the same Division may be entered in the open division. Exhibitors may enter more than one Division (raise multiple species) but an exhibitor may sell only one large stock market animal and one small stock market animal in the Northern Gila County Fair Junior Livestock Auction and must declare at fair weigh-in which animal will be sold. If by chance an exhibitor has two different species entered and the declared species is a blue ribbon and the 2<sup>nd</sup> species receives Grand or Reserve Champion or if both animals win Grand and/or Reserve Champion, both animals will sell at auction. Animals shown as breeding stock will not be sold in the auction. All FFA members that are going through the auction must be signed up by September 1 and checked through the FFA advisor to see if the member is in good standing. This is not a 4-H sanctioned livestock auction. Exhibitors/seller will be paid no sooner than thirty days from the date of the auction. There will be no private treaty sales. Animals bearing graffiti, glitter, bows, articles of Division in or anything that distracts from the animal's natural appearance will not be allowed to enter the show ring and sale.

Purchasing a livestock or small stock project does not guarantee that the animal will be sold through the auction. Deadline for owning market steers is June 1<sup>st</sup> of competing year, and swine, sheep and goats is June 1<sup>st</sup>. Selling an animal through the Northern Gila County Junior Livestock Auction does not guarantee that a profit will be made. Only youth ages 8-18 (as of January 1 of Fair year) may enter animals in the Jr Livestock Auction. The Livestock Committee does not guarantee that there will be a buyer for any individual. It is the responsibility of the exhibitor to secure his/her own buyer, be present at the scales and ring on time. Livestock becomes property of the buyer at the time the animal is bought. Hauling animals will be provided as a courtesy, however processing costs will be responsibility of the buyer and must be paid for upon delivery of meat. No less than 3% but no more than 10% will be held from seller's auction proceeds to cover auction expenses. All animals sold are subject to the 3-10% seller's fee.

## JR. LIVESTOCK Department

All exhibitors and livestock must be residents of Gila County. Only youth ages 8-18 (as of January 1st of Fair Year) may enter this division. It is suggested youth participate in either the 4-H, FFA, or community livestock organizations with their livestock project so youth gain the full experience these organizations offer but this is not required. Youth for the Quality Care of Animals (YQCA) Division certification is required. Exhibitor must have raised animal he/she shows and provide proof of ownership.

Each exhibitor may only enter one entry per Division, additional animals in the same Division may be entered in the open division. Exhibitors may enter more than one Division (raise multiple species) but an exhibitor may sell only one large stock market animal and one small stock market animal in the Northern Gila County Fair Junior Livestock Auction and must declare at fair weigh-in which animal will be sold. If by chance an exhibitor has two different species entered and the declared species is a blue ribbon and the 2<sup>nd</sup> species receives Grand or Reserve Champion or if both animals win Grand and/or Reserve Champion, both animals will sell at auction All livestock entries must be pre-registered by July 1st. The entry forms can be found on the county fair website at: [www.NGCfair.com](http://www.NGCfair.com). There will be no tampering with livestock exhibits that are not owned by the exhibitor, doing so will lead to being disqualified. Each exhibitor must exhibit and take care of his/her own animal whenever possible. The exhibitor is responsible for fitting and showing of his/her animal and may assist others in this learning experience. Parents can supervise and verbally help the exhibitors during fitting and show time. However, they will not be able to physically help unless the exhibitor is in danger. Colored spray finish and/or mousse will not be allowed. Black may only be used on the hooves. All market steers, lambs and goats must be dehorned, and all animals must be manageable by the exhibitor. Exhibitors of livestock must keep space occupied by them and their animals neat and clean. All litter must be deposited in a place designated by the livestock superintendent. Stalls must be completely clean when animals are checked out. The exhibitor will lose premiums if not cleaned. Each exhibitor is required to work their assigned time for the livestock exhibit tent, assignment will be given during mandatory Junior Livestock Meeting (following official weigh). Any exception must be cleared with the livestock superintendent.

### *Educational Display*

Each exhibitor is expected to display their animal project in a way that educates the public about their animal. A minimum of **one educational poster is required** to be hung over your pen to educate the public regarding your animal. An additional sign may be included that shows the name of your animal and pictures throughout the project experience.

### *Premiums and Judging*

Junior division is ages 8-13 years old as January 1st of Fair. Senior division is ages 14-18 as of January 1st of Fair. All judging will be done on the Danish System (Blue, Red, White). Each livestock Division will have market and

showmanship in each age division. Exhibitors market animal is the animal entered for showmanship.

Northern Gila County Fair buckles are awarded to the Champion Junior and Senior showmanship divisions in each Division (judge will determine if the exhibitor is to receive the award according to merit if no competition). Champion and Reserve Champion market animals from each age division and Division will be called in for Final Drive to be awarded Northern Gila County Fair Overall Grand & Reserve Market Champion buckles. Junior and senior champions of Livestock and Small Stock showmanship (Beef, Swine, Goat, Sheep, Turkey, Best of Fur, and Best of Feather) are eligible to compete in the Round Robin Showmanship competition. If an exhibitor is the winner in more than one project, the showman will select which project they will represent, and the reserve champion of the project not represented will then represent that project.

The barn duty schedule will be available at the exhibitor meeting held at 3:00 pm on the day of check in. There will be a separate schedule for large animal and small animal exhibitors. Barn duty also includes making sure that animals are taken care of (informing either the animal's owner, FFA Advisor, or Livestock Superintendent of any animal welfare concerns). The barn duty person is there to answer questions and provide information to the public while they are in the barn.
